

STORY GUIDE CERTIFICATE PROGRAM

DISCOVER | SHAPE | SHARE

Elevate your skills in guiding others through their personal storytelling journey with our Story Guide Certificate Program. This four-week intensive course teaches participants to facilitate story discovery, helping individuals uncover and refine their personal narratives. You'll learn storytelling techniques and how to enhance empathy and active listening, which are crucial in creating an environment where stories can be shared and appreciated. This program offers a blend of comprehensive learning modules and a capstone project, ideal for those aspiring to guide others in expressing their stories effectively in diverse settings. Story Guides also learn more about telling their own stories. Join us and become a skilled Story Guide.

AUDIENCE

- Learning designers who aim to use storytelling as a method to improve corporate training, internal communications, and team building.
- Coaches and mentors who are looking to incorporate storytelling into their practice to better engage and connect with their clients, facilitating personal and professional growth and interested in using storytelling as a strategy to help clients express themselves and work through their experiences.
- Public speakers and presenters who regularly engage in public speaking and want to enhance their ability to tell captivating stories to keep their audience engaged.
